Honourable Member,

Thank you for your letter of 31 October and for forwarding the resolutions adopted by Federal Union of European Nationalities at its October Assembly of Delegates.

As you are aware, the European Union has condemned in the strongest possible terms the unprovoked and unjustified Russian war of aggression against Ukraine, which is causing unspeakable suffering to the Ukrainian citizens. At the same time, the EU and Ukraine have acknowledged the need to ensure respect for rights of persons belonging to national minorities and to finalise the reform of the Ukrainian legal framework for national minorities. This is one of the key steps Ukraine needs to undertake in the context of its application for EU membership.

Yours faithfully,

Charles MICHEL
